

## **GFM PROPOSES TO TRANSFER LISTING TO MAIN MARKET**

**PETALING JAYA:** Integrated facilities management service provider GFM Services Bhd has proposed to transfer its listing to the Main Market from the ACE Market of Bursa Malaysia Securities. Group managing director Ruslan Nordin said a transfer will open up new avenues to boost the group's visibility and credibility, garnering recognition from potential investors, particularly institutional shareholders. "At the same time, (it) enables us to access the broader capital market to support our expansion plans, and better reflects GFM's current scale of operations," he said in a statement yesterday.
